The Chairman explained this was a re-submission of an application that came through in March and that the Parish Council voted no objections at that time.

Mr. Fowler, the architect of the application, said that this was essentially a very similar application. The main differences being a 6m rear single storey extension and a small part on the side with the bulk of the house staying the same. In total an additional 53 sq.m of living space was being added.

The Chairman added that no further comments had been received and following no further questions from the council suggested that the council voted No Objections to the application.

All councillors agreed.

The Chairman called the meeting to a close.

The meeting ended at 7:03pm.
